

SKI WAXING PARTY

Alas, spring is here! Let's roll up our sleeves and get our gear 'summerized' with a waxing party! All equipment, supplies and instruction required to wax equipment will be provided. We consider beer to be an essential supply item, so that will be provided as well.

We will have four non-fluoro wax options available:

- CH5 (7°F – 18°F)
- CH6 (14°F – 23°F)
- CH7 (18°F – 28°F)
- CH8 (25°F – 39°F)

To simplify matters in this COVID-era, we will apply the following policies:

- If you need to use the bathroom or go inside, please be responsible. If there are several people inside, we suggest wearing a mask.
- If you are outside enjoying the weather and observing distance, masks are optional.

What: Ski Waxing Party
